

in collaboration with UCSF CBC and Bay Helix

The CABS Expert Forum on China Biotechnology: Trends in drug discovery/development and outsourcing in China

The pharmaceutical R&D outsourcing sector in China has experienced some rapid, qualitative and quantitative leaps in a very short period of time. We have assembled an all-star team of experts who have been involved in these ground-breaking developments in China to share their first-hand experience and insight in the exciting Chinese biotech arena.

Topics covered: Pharmaceutical R&D outsourcing; Drug discovery & development in China; Intellectual property issues; Legal issues; Venture capital investment; Interacting with the government; Major biotech hubs in China; And more...
